Dr. Robert G. DeBease D.C.  
Suite 2  
Sharpsburg, Ga. 30277

Dr. Debase I would like to thank you for the excellent presentation you provided our company on January 30, 2001 regarding Carpal Tunnel Syndrome.

The new OSHA ERGONOMICS regulations require, information and training be made available to employees.

Your presentation: what is Carpal Tunnel, how does it occur, who can be affected, and the symptoms, are invaluable tools required for complying with these new regulations.

Again thank you and I look forward to having you again for a presentation on Musculoskeletal Disorders in the workplace.

RAY BECKOM  
SAFETY COORDINATOR
