

To Whom It May Concern:

This letter serves as my recommendation for Dr. Robert DeBease of Coweta Family Chiropractic Clinic to conduct Workplace Safety and Health Workshops. Dr. DeBease conducted his Workplace Safety and Health Workshop for my office staff and was successful in increasing office productivity.

Dr. DeBease has shown the ability to successfully capture the attention of his audience by using innovative measures to meet all points of the workshop. He was very creative in the materials used. He also expressed significant knowledge in all areas covered. Dr. DeBease had the ability to communicate on a personal level with everyone.

Dr. DeBease is particularly well suited to conduct workshops in and out of the office environment because of his ability to reach all types of people.

Sincerely,
