Dear Dr. DeBease, Pam & Chuck,  
Thank you so much for sharing your knowledge with us at Power of God Ministries. We received only positive comments and feedback regarding your "Peak Performance" talk. Even today, we are still receiving good remarks.

We sincerely appreciate your taking your valuable time to provide such useful health and wellness information to our congregation. Your presentation greatly enhanced the importance of them paying attention to their health. The workshop information is actually empowering them and this is good!

You are an asset to the community and we are looking forward to working with you in the future!

Sincerely,

Pastors Stephen & Jackie Pendleton, 770-487-1596
